

**COMING SOON** 

Tiverton Road, Coventry

By working in collaboration with a local authority and housing association, Deeley Group's combined expertise will regenerate this former school site to deliver much needed affordable housing in the city

**Value** £7 million

**Client** Stonewater Housing

**Timeframe** September 2020 - October 2021

**Structural Engineer** Couch Consulting

**Contract** JCT Design & Build 2016

**Architect** Robothams

Deeley Affordable Living purchased this site, formerly the Dartmouth School, from Coventry City Council with a view of developing for affordable housing

- A planning application has been secured for 39 units for Stonewater Housing, following on from our successful development at Feather Lane, Nuneaton
- The site has a complex drainage strategy to meet, however by working with our appointed consultants, Robothams Architecture and Couch Consulting Engineers, we are providing a solution
- We are currently finalising our documents making the site ready for a start on site Summer 2020

*The trees aligning Tiverton Road along the frontage of the site will remain in place*
